## PEGASUS BIKE TOURS

December, 2019 - Volume 4, Issue 12

### Wonderful 2020 Tours Still Have Some Open Spots

We still have spots open on a couple of our 2020 Tours. You can always check on the tour status at: <https://www.pegasusbiketours.com/tour-status> for the latest updates. There you will see how many folks are on the Wait List for each tour. As we all know, stuff happens and folks have to cancel at the last minute, so don't let a "full" tour keep you from registering for the Wait List. Every year scores of folks still get on the tour they want from the Wait List and currently the Wait List is short for all of our tours!

**Discover San Diego** (3/21-3/29): A great way to kick off the 2020 cycling season in sunny southern California. With beautiful routes along the ocean and bays to some short climbs up to spectacular views, this tour has it all. But this tour is designed to not only be enjoyed by cyclists but also by their non-riding partners. It is a fixed-base tour with our hotel in charming Old Town in the center of San Diego. There's so much to see and do in San Diego from its beautiful scenic beaches to its wonderful parks, museums, zoo, Sea World and many other attractions. And then there's the great ambience of shops and cafes.

**4-Day Omak Hill Country** (4/30-5/4): Now in its 7th year, the fixed-base Omak Tour has become one of our most popular early season tours. Never having to pack up and move, we get a lot of riding in with routes that vary from 52 to 84 miles and elevation gains from 2,100' to 5,575'. (Down to just a couple of spots left open.)

**Willamette Valley Tour** (8/8-8/16): We've run a version of this very popular and beautiful, green tour several times in the past but never as a fixed-base tour. With the exception of one night, we will be staying at the same hotel in Salem. We will take loops out to the Oregon Gardens and Silver Falls State Park as well as loops to explore the rich pioneer history of this valley. Of course, there will be a winery route and one through several of the famous covered bridges. This is rated as an Easy/Intermediate tour with relatively short mileage days. The Willamette Valley is one of our favorite places to ride and we think you will love it, too! We are getting close to the 25 participant threshold which will reduce the cost by \$150.

**If you missed the initial registration period, it's not too late to register now!**

# Happy Holidays
